WHEN EVERYTHING GOES WELL AT HOME

Home is a point of life and safe haven, a place where we want to fall asleep and wake up, meet friends and set the table, fling open the windows and let captivating freshness in. A scent is an indiscernible quiet jewel of the home, it welcomes and sees off, emphasizes the area of unconditional comfort, creates and changes mood.

Collection of BOTAVIKOS interior scents and massage aromatic candles is our creative project embodying care for home and picturesqueness of natural aromas. In collaboration with a professional perfumer we have created unique compositions of natural essential oils elegantly unveiled in a harmonious sounding of base notes of olfactory pyramid.

8 interior perfumes and 8 massage aroma candles are 8 bold ideas, 8 fantasy fragrances, creativity as it is.

Each scent can tell an individual story. There is a summer blooming garden, dynamic citrus freshness, vanilla sweetness of a night after ardent heat. Energetic and fresh, powdery and dreamy. Some of them are created to shake you up and fill with energy, and the others will become a flawless background for a rest and meditation.

There is no mono aromas of rose or mandarin in our collection – we find this approach a bit boring. Our scents consisting of 7-11 masterly joined essential oils, unveil gradually.

SCENT N° 1

Grapefruit + Melissa

This bold refreshing bouquet pieced of a number of citrus and floral citrus essential oils. This scent is capricious but lovesome as a mild wind blowing from a sea on a sunny day. Luscious fruit shades of grapefruit, mandarin, lime interrupt each other, reminding of a large southern market with colourful sun-kissed juicy fruits. Elemi unveils its aromatic green aspects with a subtle wood note. Expressive litsea kubeba brings floral sweetness, and warm sugary amyris fills the background for floral naive melissa and refreshing bitterness of grapefruit.

SCENT N° 2

Galbanum + Thyme

An ingenious scent, grassy as a green luscious meadow. Fresh flows of lime, bergamot and lemon are felt at the beginning of the pyramid, leaving a cozy, dainty sweetness behind. In the heart notes, mint and floral chime of sensual caramel and vanilla neroli and refreshing mint brings amazing joyful lightness and slightly frosty crispy coolness.

The final trail represents a thunderous delightful hymn to a vast herbal diversity. Here is both resinous galbanum and bitterish spicy shades of thyme with light smoky and coffee shades.

SCENT N° 3

Rosemary + Citrus

A fresh and sparkling scent embodying shattering ocean breath.

A cool wave of lemon and elemi is followed by heart notes, warming up with a floral and lemon blowing of litsea cubeba and wooden heat of rosewood, smoky and leather juniper and ancient fragrant cedarwood.

And at final sudden cold blow of rosemary with eucalyptic shades and citrus adds jelly and confectionary shade to irrepressible freshness of the scent.

SCENT № 4

Orange + Cinnamon

Citrus spiciness seems well-known and cozy as a new year holiday morning, when it snows outside, and at home it is warm, clam, and no one needs to hurry. Bright top notes are filled with frosty freshness of bergamot and elemi, followed by dense, sweet rose, changed by an elegant wood base note with a shade of sweet balsamic fragrance. At this multi-faceted background a classic blend of bright orange with cinnamon softens, slows down and gets more voluminous.

This scent will warm up both home and heart, seems like it asks not to hurry up because it feels so good here and now.

SCENT N° 5

Vetiver + Cardamom

Dreamy, languishing aroma of vintage wooden furniture or a book with old yellowed pages and faded letters.

Optimistic grapefruit and lemon cry about reality interrupting each other, but a viscous balsamic base of Gurjun balsam brings back to the past, unveiling the secret of time.

Woody, a bit spicy rosewood scent with floral and fruit shades masterly tints an ingenious duet of earthy vetiver with vegetable, amber and spicy aspects with a cardamom cool.

SCENT N° 6

Geranium + Basil

An ingenious, tricky sweetness of this aroma fills home with a sunny summer: a naughty wind sways a curtain, behind an opened window a July evening takes a rest from a noonday heather. Subtle bergamot notes with its gentle citrus alacrity emerge and quickly disappear. Subsequently appearing rose and dry velvety lavender are akin to a fragrant garden at sunset. In the base, geranium adds freshness and "green" coolness to basil – one can catch a slightly noticeable mint cool. Benzoin gum prevents tweekness, turning a heather into a calm warmth of a fast-paced summer night.

SCENT N° 7

Zdravets + Mint

This strong and brutal scent conquers with its gelid charisma.

It unveils with transparent notes of lemon and lime with a juicy, spicy sourness, followed by elemi fresh, with an icy cool menthol.

Sweetish, frosty, sharp mint and grassy floral zdravetz laced with sagy balsamic aroma and light pipe tobacco shades sound clearly.

The scent trail is a bit spicy, woody, sweetish, thanks to sandalwood and cinnamon aimed to slightly melt minty camphor ice with its warm aspects.

SCENT № 8

Bergamot + Jasmine

This scent invites to a luscious wedding ceremony among a blooming garden, ruled by hypnotic sensual jasmine accompanied by juicy and sweet bergamot. Grassy coolness of a summer morning is followed by floral procession of ylang-ylang, grassy geranium, honey wine rose, and earthy sweet patchouli. Sandalwood enhances this floral heat adding spiciness.

SCENT № 9

Citronella + Geranium

A bright bouquet opens by the first chord of sunny citronella, sounds of intensive lemon and subtle notes of sweet orange. The main tone is soniferous and light, accompanied by the floral aspects of geranium and litsea cubeba, bringing a tender, languishing sweetness into an energetic cool fragrance. Fresh subtle notes of citrus fruits echo with sunny and floral chords and slightly perceptible spicy rosewood shades creating a warm haze of a summer sicilian evening. The light composition of 100% essential oils has not only an aromatherapy effect, but also works as a natural repellent and protects against mosquitoes.
