## LINE FEATURES

**Sulfate-free:** we use a complex of plant-based surfactants as a detergent base. They form a light, comfortable foam, gently and at the same time effectively cleanse the hair and scalp without causing irritation and dryness.

**Botanical scent:** in shampoos and balms we use aromatic compositions of Botavikos perfumes, complex aromatic compositions created from natural essential oils according to all the rules of perfumery.

**Together with balm:** each shampoo has its pair – a solid balm enhancing the effect of the shampoo, comprehensively caring for the hair.

**Economy:** inexpensive remedies lasting for a long time.

**Stability:** anhydrous formulas are a small step of the Botavikos brand is on the global path to restoring the balance of the planet, saving water resources. The launch of this product line allows us to reduce the consumption of clean fresh water.

**Vegan:** no animal ingredients, products, and their components are not tested on animals.

**Eco-friendliness:** a cardboard package of our shampoo or balm can be recycled.

## NATURAL DYES

**Siddha Medico-colour** — these are pure and natural cosmetic colorants obtained without the participation of any synthetic or artificial color additives in the production process.

High molecular weight natural waxes obtained from botanical species, including typical Indian plants.

Each of the Siddha Medico-color extracts has a dual-action - biological activity and therapeutic properties, based on the ancient knowledge of the Siddhas about their healing and preventive effects on human health.

### **Eclipta prostrata**

Commonly known as false chamomile, this herb has cooling and tonic effects on circulatory, nervous, and digestive systems.

### **Ocimum Sanctum**

Used in hair care products, this sacred Indian plant protects against environmental factors, improves skin elasticity and hydration.

### **Melia**

This woody plant is known as a panacea for all diseases. In Ayurvedic medicine, remedies containing Melia are used for skin diseases treatment.

### **Simmondsia chinensis**

Jojoba oil is obtained from the seeds of the Simmondsia Chinensis plant, a shrub growing in Southern Arizona, Southern California and Northwestern Mexico.

### **Coccinia Indica**

Coccinia has various activities: anti-inflammatory, antibacterial and antioxidant.

### **Moringa oleifera**

In traditional herbal medicine and dermatology, moringa is used to treat allergic reactions and all types of fungus: on the skin.

### **Aloe Barbadensis**

In folk medicine, most often it is used to cure and prevent multiple diseases.

### **Curcuma Longa**

Curcuma powder exhibits antiseptic properties, nourishes and protects the skin, and is a powerful antioxidant.

### **Solanum melongena**

Flowers from white to purple.

## DIRECTION

### PERFUMED SOLID SHAMPOO

Apply the shampoo on wet hair with light massage movements until a rich foam appears, distribute the product along the hair length, massage the scalp for a minute, then rinse with warm water. For the best effect after shampooing, use solid conditioner.

### PERFUMED SOLID CONDITIONER

Apply the conditioner on cleansed hair, distribute throughout the hair length receding 3-5 cm from the roots. Thoroughly rinse with warm water. For better hair and scalp cleansing, use solid shampoo.
