THEY REALLY BURST INTO BUBBLES

Multicolored cute bath balls give fragrant relaxation and tender natural skin care, thanks to vegetable and essential oil and Saki salt.

AROMA

We have chosen the warmest, softest fragrances for a hot aromatic bath. They quieten you down, harmonize your emotions, calm you, tune in you to comfortable sleep or meditation. Complex combinations collected from 7-10 natural essential oils by a professional perfumer, add beauty and refinement to your evening ritual, leaving a light fragrant mist on the skin. Summer herbs, perfect spicy citrus, the floral joy of a July day, balsamic juicy fruits or the fantasies of the most beautiful flowers — you can choose your aroma, your inspiration for wonderful sweet dreams and a good night.

SKIN CARE

Each bath bomb has its own unique caring vegetable oil that nourishes, moisturizes, softens, and helps to cleanse the skin. Hazelnut, grape seed, apricot, macadamia and cotton oils are valuable natural sources of fatty acids, vitamins, and minerals, suitable for the delicate care of all skin types.

Natural sea salt crystals from the brine of the Western Crimea salt lakes are filled with the vital bioactive elements developed during the seaweed blooming period.

Saki salt contains the green seaweed *Dunaliella salina* — the richest source of natural antioxidant carotenoids: beta-carotene (provitamin A), lutein, violoxanthin, anteraxatin, as well as glycerol, vitamins, and unsaturated fatty acids.

Baths with Saki salt help to remove toxins, relieve muscle and nervous tension, and improve blood circulation. If used regularly, beta-carotene with its antioxidant properties effectively cleanses and regenerates the skin, increasing its elasticity and tightness.

COLOR

Biodegradable pigments of natural origin provide the delicate pastel palette of the bath bombs. They are FDA (FOOD AND DRUG ADMINISTRATION) approved, meaning they will not harm your skin or cause any environmental damage.

WHAT MAKES THEM BUBBLE

The bubbling effect becomes possible owing to the water reacting with the soda and citric acid contained in Botavikos bath bombs.

DIRECTIONS

Warm water (35–38 °C) and a 15–20 min. bath enhance the caring properties of vegetable oils and Saki salt crystals. After taking a bath, we do not recommend using cosmetic detergents — soap or shower gel. It is enough to rinse the skin with clean warm water, lightly pat dry with a towel to allow the unique beneficial components to be absorbed and to leave a light botanical scent. After the alkaline bath, you will need no cream or body oil either. Soft, nourished skin will require no extra moisturizing.

YLANG-YLANG - GINGER

Citrus-spicy composition of essential oils

Bergamot / tangerine / grapefruit /
ylang-ylang / ginger / musk / amber

A fragrant bath bomb with Saki salt crystals and grape seed oil is perfect for relaxing aromatic baths and additional skin care.

Grape seed oil moisturizes and helps to maintain hydration levels a for a long time, as it tones and refreshes lifeless skin.

The curative composition of **Saki salt** improves blood circulation; its bioactive components relieve fatigue and nervous tension.

The **aromatherapy effect** of the bath bomb is determined by the perfect floral-spicy composition of essential oils, which leaves a wonderful perfume mist on the skin. Pure cool notes of sour citrus — bergamot, tangerine, and grapefruit — are under the sway of velvety ginger, the creamy notes of ylang-ylang, musk and amber. The mild combination of citrus fruits with their light spicy warmth quietsens you down, calms emotions, relieves stress, brings joy and relief, helps you to tune in to a comfortable undisturbed sleep.

Expiration date: 2 years | 4,23 fl. oz.

ROSEWOOD – LITSEA CUBEBA

Floral-citrus composition of essential oils

Lemon / lemongrass / tangerine / jasmine /
ylang-ylang / rosewood / rose / litsea cubeba /
amber / musk

A floral-citrus bath with macadamia oil and Saki salt is perfect for soothing aromatherapy baths and additional delicate skin care.

Natural macadamia oil cares for the skin, moisturizing, nourishing, filling you with natural energy, relieves dryness, softens.

Saki salt crystals with healing bioactive elements help to relieve muscle tension after a hard day or athletic training, improve blood circulation, reduce fatigue and leg swelling.

Aromatherapy effect – In the juicy composition of essential oils, fresh cadences of citrus are immersed in the languid floral notes of lush jasmine, honey rose, ylang-ylang, and the lingering of amber and musk. The aroma will remind you of hot summers, warm you up, remove the irritation accumulated during the day, help harmonize emotions for a calm healthy sleep, and give the your skin a delicate tender aroma.

Expiration date: 2 years | 4,23 fl. oz.

AROMA

LEMONGRASS – BENZOIN GUM

Fruity composition of essential oils

Lemongrass / rose / litsea cubeba / benzoin
resin / balms / musk / amber

A bath bomb with vegetable apricot oil, healing crystals of Saki salt and a harmonious composition of essential oils provides additional care for your skin, filled with the fragrance of natural essences together with their strong aromatherapy power.

Apricot oil gives velvety and softness thanks to its moisturizing and nourishing properties, tones and revitalizes lifeless skin, prevents dry skin from flaking.

Thanks to the bioactive composition of **Saki salt**, fatigue and muscle tension after a hard day disappear. It also helps detoxify and cleanse the skin.

Aromatherapy effect – a seductive bohemian aroma, in which fresh citrus lemongrass surrenders to the floral notes of rose and litsea cubeba, normalizes the psycho-emotional state, relaxes, fills with warmth and energy. What lingers the sweet aroma of benzoin gum and the antique undertones of precious balms leaving a light warming fragrance on the skin after you have taken a bath.

Expiration date: 2 years | 4,23 fl. oz.

CINNAMON – LAVENDER

Woody-herbaceous composition of essential oils

Mint / grapefruit / cinnamon / lavender /
litsea cubeba / vetiver / amber / musk

A fragrant bubbling bath bomb with Saki salt and hazelnut vegetable oil provides natural skin care, filled with the warming breath of essential oils and their aromatherapy power.

Hazelnut oil with beneficial fatty acids, vitamins, and minerals moisturizes, nourishes, and cleanses the skin, making it soft.

The bioactive elements of **Saki salt** crystals improve blood circulation, detoxify, relieving muscle and nervous tension.

Aromatherapy effect – the perfume composition of essential oils, in which the notes of summer herbs and juicy citrus are caught in the warm embrace of hot cinnamon, lulling lavender and sugar sweet litsea cubeba, come to an end with the linger of warm vetiver and its amber shades. A delicate woody-herbaceous aroma relaxes and relieves fatigue, cares for harmony and emotions, tunes you in to a calm, restful sleep

Expiration date: 2 years | 4,23 fl. oz.

ROSE – JASMINE

Floral composition of essential oils

Bergamot / coriander / rose / jasmine /
musk / amber

A floral bath bomb with natural cotton oil and Saki salt is specially created for aromatic relaxing baths and additional gentle skin care.

Cotton oil improves the skin condition, moisturizing and nourishing it, retaining the necessary cellular moisture level, softens it, eliminating flaking.

Saki salt crystals with bioactive elements improve blood circulation, help relieve muscle tension after a hard day or long training, and reduce swelling.

Aromatherapy effect – the composition of essential oils from flowers and spices has an aromatherapy effect — helps warm you up, relieves stress, rebounds your mood, and stabilizes emotions. This warm, favorable aroma composed of delicate cadences of sensual oily jasmine and beautiful rose petals against a lush musky background, is ideal for relaxing before going to bed or meditating, leaving a light floral tone lingering on the skin

Expiration date: 2 years | 4,23 fl. oz.
