TRENDS IN THE SKINCARE MARKET

- Growing demand for facial and lip care products
- Expansion of the natural cosmetics segment: New market entrants, wider product ranges from existing brands, and revenue growth in the category
- Increasing focus on self-care and well-being
- Rising trust and interest in Russian manufacturers

+47%

Increase in demand for natural-ingredient cosmetics in Q1 2024 compared to the same period last year

90%

Of all cosmetic products are skincare items

2%

Of total cosmetic production is organic. Analysts predict this figure could rise to 5% within the next three years

Demand for organic cosmetics shows strong positive growth.

The popularity of healthy lifestyles and eco-conscious trends are driving Russians to choose cosmetics more responsibly—not just for personal health benefits but also for environmentally safe production processes.

FUNCTIONAL COSMETICS BOTAVIKOS:

1. Doesn't conceal skin problems but addresses their root cause - restores the skin barrier and activates natural recovery processes.
2. Formulations are designed to support the stratum corneum and skin lipid layers - key protective elements against toxins, dehydration, and irritation.
3. Products that work "here and now". Our solutions target specific skin concerns precisely when needed - regardless of age or skin type.
4. Thoughtfully crafted formulas at the intersection of science and nature. The efficacy of active ingredients is combined with gentle care for both skin and environment.

BLOOMING FRESH

for intensive skin hydration

- Provides intensive hydration and deep, long-lasting moisturization
 - Smoothes and evens skin texture while reducing wrinkle depth and prolonging youthfulness
 - Restores natural protective barrier
 - Leaves skin feeling comfortably refreshed
-

Key Ingredients

Hyaluronic Acid - A powerful natural component that not only delivers moisture to cells but also prevents moisture loss.

Trehalose enhances hydration, prevents transepidermal water loss, and boosts skin's antioxidant defense.

Panthenol accelerates regeneration processes and helps maintain collagen fiber strength.

Betaine locks in moisture while softening and soothing the skin.

Violet Extract stimulates epidermal hyaluronic acid production, enhances water circulation in skin, significantly improving hydration levels and elasticity.

Cloudberry Extract provides powerful antioxidant action, vitamins, and restores a healthy, radiant complexion.
