**BIOCOSMETIC PRODUCTS OF OUR SUNSCREEN SERIES ARE UNIQUE COMBINATIONS OF THE LATEST PHYSICAL FILTERS AND HERBAL INGREDIENTS.**

Latest generation physical filters avoid white streaks after applying the cream, and also provide the maximum level of protection against photoaging caused by UVA rays and skindamaging UVB-spectrum rays.

### THE ADVANTAGES OF OUR FILTERS

#### Transparency

invisible on the skin,  
do not leave white  
streaks.

#### Sustainability

maintain SPF during  
all the time of wearing.

#### Photostability

do not get  
decomposed or  
oxidized in the sun.

#### Safety

do not cause  
irritation.

## PLANT COMPONENTS

**Natural shea, sesame, jojoba, macadamia, almond, coconut oils.**

Nourish, moisturize and soften skin for an even tan and natural sun protection.

**Carrot oil rich in  $\beta$ -carotene and calendula extract.**

Stimulate melanin secretion, strengthen and preserve a tan.

**Cornflower flower water.**

Soothes the skin after sun exposure.

**Aloe vera, wheat proteins, chamomile, cotton, green tea, mallow and melissa extracts, panthenol and vitamin E.**

Moisturize and protect the skin from overdrying.

All our products perfectly soften and moisturize the skin, leaving the feeling of a light silky veil.

**UVA+UVB  
CARE**

Daily protection

## FACE CREAM **SPF 30**

**The latest-generation physical filters** block UVA and UVB rays, preventing photoaging. Panthenol and aloe vera juice effectively smooth the epidermis and accelerate the healing of its damaged areas.

**Hydrolyzed wheat proteins** replenish the skin cells with moisture.

**Camomile and green tea extracts** soothe irritations and have a firming effect.

**The complex of natural oils (jojoba oil, macadamia oil, shea butter)** intensively nourishes and softens the skin, enhances its barrier properties.

**Vitamin E** is a powerful antioxidant that protects the skin from the effects of free radicals.

**Mint essential oil** gives a light refreshing aroma and slightly cools the skin.

### Directions

Apply a small amount of the cream to a clean and dry skin 15-20 minutes before sun exposure. Reapply every 2 hours during long sun exposure. The product can be used as a daily cream during high solar activity.

### Active ingredients

- natural physical filters
- panthenol
- aloe vera juice
- hydrolyzed wheat proteins
- chamomile and green tea extracts
- jojoba & macadamia oils, shea butter
- vitamin E
- mint essential oil

Shelf life - 2 years

Volume - 1,7 fl. oz (50 ml)

REFRESHING  
EFFECT

Daily protection

**LIP BALM** SPF 15

Lip balm with **natural physical filters** provides the optimal care and intense sun protection.

**Vegetable waxes and oils** prevent over drying and enhance the barrier functions of the thin and delicate skin of the lips.

**Directions**

Apply the balm to lips 15-20 minutes before sun exposure. Reapply every 2 hours during long sun exposure and after swimming.

**Active ingredients**

- natural physical filters
- candelilla wax
- rice wax
- shea butter
- coconut oil
- mint essential oil

Shelf life - 2 years  
Volume - 0,1 oz (5 g)

UVA+UVB  
CARE

Tan &amp; protection

## BODY OIL SPF 15

Tanning oil is a modern product for an even, beautiful and intense tan without harm to the skin.

**The latest-generation physical filters** provide the maximum protection against UVA and UVB rays harmful to the skin.

**Natural extracts and oils** replenish the skin cells with moisture and prevent it from evaporating, accelerate the production of melanin, and increase the durability of a tan.

**Vitamin E** provides an antioxidant effect.

**Mint essential oil** gives a light fresh aroma and a feeling of coolness.

### Directions

Apply the oil to the open areas of the skin 15-20 minutes before sun exposure. Reapply every 2 hours during long sun exposure and immediately after swimming.

### Active ingredients

- natural physical filters
- camomile extract
- calendula extract
- carrot oil, almond oil, soybean oil
- vitamin E

Shelf life - 2 years

Volume - 3,4 fl. oz (100 ml)

REFRESHING  
EFFECT

After sun care

## After sun BODY GEL

A weightless, cooling after-sun body gel that helps the skin recover quickly after sunbathing.

**Panthenol and aloe vera juice** smooth the epidermis and accelerate the healing of its damaged areas.

**The amino acid complex protects** the skin from oxidative stress and enhances its barrier functions.

**Hydrolyzed wheat proteins** deeply moisturize the skin.

Due to **natural polysaccharides** the product soothes the epidermis and creates a microfilm on its surface to prevent moisture loss.

**Camomile and cotton extracts** soften the skin and accelerate its regeneration.

Pure, upbeat notes of mint essential oil will provide a refreshing aroma and a boost of energy. Suitable for all skin types.

### Directions

Apply the product to a clean and dry skin after sun exposure. Spread it with massaging movements over the body and allow it to absorb.

### Active ingredients

- panthenol
- aloe vera juice
- amino acid complex
- hydrolyzed wheat proteins
- natural polysaccharides
- camomile extract
- cotton extract
- mint essential oil

Shelf life - 2 years

Volume - 6,8 fl. oz (200 ml)

REFRESHING
